

RISK DISCLAIMER

WARNING: TRADING FOREIGN EXCHANGE (FOREX), CONTRACTS FOR DIFFERENCE (CFDs), AND OTHER LEVERAGED FINANCIAL INSTRUMENTS CARRIES A HIGH LEVEL OF RISK AND MAY NOT BE SUITABLE FOR ALL INVESTORS. YOU COULD LOSE ALL OR MORE THAN YOUR INITIAL INVESTMENT.

1. NATURE OF RISK

Forex and CFD trading involve significant risk due to the leveraged nature of these instruments. The high degree of leverage available can work against you as well as for you. Before deciding to trade forex, you should carefully consider your investment objectives, level of experience, and risk appetite.

The value of currencies can fluctuate significantly over short periods of time. Volatility, slippage, spread widening during news events, and broker execution quality all affect trading outcomes. These risks exist regardless of the quality of analysis or trade ideas received.

2. NOT FINANCIAL ADVICE

TRADERSKE DOES NOT PROVIDE FINANCIAL ADVICE, INVESTMENT ADVICE, OR REGULATED INVESTMENT SERVICES. All trade ideas, analysis, signals, educational content, and coaching provided by TradersKE are for EDUCATIONAL AND INFORMATIONAL PURPOSES ONLY.

Nothing published by TradersKE on any platform — including Discord, Telegram, WhatsApp, YouTube, Instagram, or our website, constitutes a personalised recommendation to buy or sell any financial instrument. You should not make any trading decision based solely on information from TradersKE without conducting your own independent analysis.

3. PAST PERFORMANCE

Past performance of any trade idea, signal, or strategy published by TradersKE is not a reliable indicator of future results. Win rates, pip counts, and performance statistics displayed on our website are historical and do not guarantee future profitability. All historical performance data should be treated as illustrative only.

4. SUITABILITY

Trading leveraged instruments is not suitable for everyone. You should only trade with money you can afford to lose entirely. You should not trade with borrowed money, funds required for essential living expenses, savings earmarked for major purchases (such as a home or education), or money belonging to others.

Before trading, you should seek independent financial advice from a qualified and licensed financial advisor in your jurisdiction if you are unsure whether trading is appropriate for your financial situation.

5. BROKER AND PROP FIRM RISKS

TradersKE recommends certain brokers and prop trading firms on our website. These recommendations are made in good faith based on community experience; however, we do not guarantee the financial stability, regulatory compliance, or conduct of any third-party broker or prop firm. The failure, insolvency, or rule changes of any prop firm or broker are outside our control and TradersKE accepts no liability for losses arising from such events.

Prop firm challenge rules, payout terms, and programme availability can change without notice. Always review the current terms and conditions of any prop firm directly before purchasing a challenge.

6. COACHING AND MENTORSHIP RISK

Coaching and mentorship sessions provided by TradersKE are designed to educate and develop trading skills. Even after completing coaching, there is no guarantee of profitable trading outcomes. The application of trading strategies in live markets involves risks that cannot be fully addressed in a coaching session. Go ahead and backtest what you have learnt and be cautious of the risk involved in executing in the financial markets.

7. REGULATORY STATUS

TradersKE operates as a forex education and community platform. We are not licensed as a financial advisor, fund manager, or investment firm by the Capital Markets Authority (CMA) of Kenya or any other regulatory body. Our services do not constitute regulated financial services.
